

Vented Hatch Cover Pellet Screens

HOPPER CAR

Pellet Screen

Part Number: V2K71S

Retrofit your existing Salco hatch covers with our redesigned pellet screen. Removing or replacing dirty screens has never been easier with this patented snap-on tab design.

PRODUCT DETAILS

- Durable (Polypropylene), one-piece design
- Allows for quick, easy removal for cleaning or replacing. No more snap-in hooks or rivets to deal with
- Easily installs over six hatch cover gasket tabs
- Hatch cover gasket provides further securement
- Patented design

INSTALLS EASILY

To install, align and gently press down until screen snaps in place. For cleaning or replacing, remove the gasket. Lift the screen at each tab location until it clears the gasket tabs and then pull away from cover.

Center Pellet Screen

Fits VHC98 and newer Salco covers
